

Husk

ARMCHAIRS

2011

Description

“Those who look at a sofa must visually perceive a sense of both mental and physical comfort.” Patricia Urquiola has conveyed this concept to the armchair Husk by designing a stiff body made of Hirek[®] that contains a soft cushion divided into portions, which seem to underscore its ergonomic profile. It is endowed with an original spirit that merges with various styles. Three cushion types: standard, which is large and enveloping, or headrest. With or without an ottoman as footrest.
