

Gio

SEDIE

2016

Antonio Citterio

Description

Classically contemporary, the Gio outdoor chair perfectly complements the tables of the same name, sharing their solid teakwood frame in a special antique grey, providing a particular lived-in look with silver grey reflections. These are extremely comfortable chairs, partly due to the padded cushion covered in outdoor fabrics.

Technical information

Frame

solid wood

Webbing

polypropylene

Upholstery

high density polyester fibre

Ferrules

thermoplastic material

Waterproof cover cloth

PES fabric coated on one side in PU

Cover

fabric in limited categories
