# Mirto Outdoor

TAVOLINI

2015

Antonio Citterio

## Description

---

Square or rectangular and available in different sizes and finishes, the Mirto Outdoor small tables stand out for their purity of shape, timeless elegance and quality details. Their light frames in die-cast aluminium are combined with different types of tops: in painted aluminium, in porcelain stoneware and with enamelled lava stone tiles decorated with reproductions of traditional Sicilian lace. This latest version uses a special material for the decoration, obtained by shattering the glass of monitors and discarded electronic instruments, and applying it to the surface of the tiles through an exclusive manufacturing process.

## Technical information

---

**Frame**

die-cast aluminium and extrusions with polyurethane painting

**Top**

aluminium sheet with polyurethane painting, porcelain stoneware or enamelled lava stone on aluminium top

**Frame and top (MI54T-MI55\_5)**
