

# Tufty-Bed

LETTI

2007

Patricia Urquiola

## Description

---

The upholstered Tufty-Bed, available in different sizes, ensures comfort and solidity. The leather or fabric cover is divided into squares, the distinctive feature of the Tufty-Time series of seats. A decidedly contemporary proposal, it reveals a bond with tradition in the reference to Chesterfield and capitonné style sofas. Featuring a base that goes down to the floor, it allows the internal space to be used as a convenient compartment.

## Technical information

---

**Internal frame**

tubular steel and steel profiles

**Internal frame upholstery**

Bayfit® flexible cold shaped polyurethane foam, polyester fibre cover
