SMALL TABLES

2013

Patricia Urquiola

## Description

---

The Canasta '13 small tables for outdoor use complement the family of seats of the same name, and yet are so flexible as to suit any setting where a table is needed. They come in two versions: the first, a decorative model with soft shapes, features a frame characterised by coloured twisted polyethylene fibre bands and a tray top in painted steel; the second, more minimalist and geometric, has a powder-painted steel frame and a porcelain stoneware top.
