

# Hive

SMALL TABLES

2013

Atelier Oi

## Description

---

Delicately poetic, Hive is an original combination of ottomans and small tables. The former have a three-dimensional surface springing from the assembly of small leather petals discarded from the manufacturing process. The latter, instead, are obtained from a folded metal sheet. Inspired by the structure of the beehive, Hive is a green accessory rooted in manual expertise and geometry.

## Technical information

---

**Seat (H61P)**

multi-layered wood panel, shaped polyurethane, polyurethane, cover in polypropylene and polyamide

**Bottom base (H61P)**

thermoplastic material

**Support frame (H61P)**

drawn steel

**Frame and top (H58T-H50T)**

steel sheet

**Ferrules (H61P)**

plastic material

**Ferrules (H58T-H50T)**

thermoplastic material

**Cover (H61P)**

leather Gamma
