
Harry

SOFAS

1995

Antonio Citterio

Description

Classic yet contemporary, with its apparent formal simplicity, the Harry sofa comes in three sizes, and is available as a two-seater and three-seater. Its principal feature, which is comfort, issues from relations between the inclination of the back and seat, while its unmistakable distinctive trait lies in its aluminium feet. A small detail that endows a rather traditional product with a genuine touch of modernity and lightness, making it a truly timeless sofa. Harry is named after Harry Bertoia, one of the great masters of design.
