# Arne

SOFAS

2005

Antonio Citterio

## Description

---

Designed to create the setting for leisure activities, Arne stands out for the curved shape that envelops the user. It is an invitation to socialise and share moments together, to converse and watch television shows on a large screen. Perfect in the centre of the room, when placed against the wall it loses none of the sense of comfort and lightness conveyed by the aluminium supports on which both the seat and backrest seem to be suspended.

## Technical information

---

**Internal frame**

tubular steel and steel profiles

**Internal frame upholstery**

Bayfit® flexible cold shaped polyurethane foam, polyester fibre cover
