

Link Outdoor

TABLES

2009

Jakob Wagner

Description

One-of-a-kind, moulded in a continuous, joint-free shape, the Link Outdoor table stands out for its pure design and soft materiality. It is made from a practical technological material: a special Cristalplant® compound with a soft-touch effect of considerable sensory impact. Suitable for indoor and outdoor use.

Technical information

Top and legs

Cristalplant Outdoor®

(natural mineral filler of phosphate of aluminium with polyester acrylate resin)
